GRT News

Welcome!

Tool

The Federal Emergency Management Agency (FEMA), in a continued effort to improve grant distribution and reporting processes, developed this web-based grants reporting system entitled, the Grants Reporting Tool (GRT). The GRT is designed to help State Administrative Agencies (SAAs) meet all reporting requirements identified in the Homeland Security Grant Program (HSGP) and Urban Areas Security Initiative (UASI) grant application kits.

GRT News

- 12/30/2008: Please note that states and territories will not be required to report on the FY2008 Real ID grant program for the December 2008 BSIR. Although this grant program may show up on your allocation tab and on standard GRT reports, the funding amount for this grant program has been listed as \$0.00 for each state and territory. As such, states and territories will be able to submit their December 2008 BSIRs without entering data for this grant program.
- 08/27/2008: GRT Technical Assistance Available Now!

FEMA-sponsored GRT Technical Assistance (TA) will again be available to all States and Territories for the current ISIP and forthcoming BSIR reporting periods. A single on-site TA session of one to two days may be requested for each ISIP and BSIR reporting period. In addition to on-site TA deliveries, FEMA is pleased to offer a convenient web conference TA alternative. Requests for on-site or web conference technical assistance must be made through your FEMA Program Analyst. Please submit your requests as soon as possible in order to allow adequate scheduling time.

Identify Project Goals & Objectives:

State Goals and Objectives

PRIMARY GOAL

2008 BSIR (December 08) Strengthen Information Sharing and Collaboration Capabilities and Strengthen Law Enforcement Investigation and Operations

OBJECTIVE (1)

2008 BSIR (December 08) (Planning, Organization) Build Interoperable Communication capabilities for information sharing between Law Enforcement Operators. (July 2008)

NATIONAL PRIORITY (1)

2008 BSIR (December 08) Strengthen Information Sharing and Collaboration Capabilities

OBJECTIVE (2)

2008 BSIR (December 08) Not selected.

NATIONAL PRIORITY (2)

2008 BSIR (December 08) Not selected.

Select one Goal & one or more Objectives

Urban Area Goals and Objectives

PRIMARY GOAL

2008 BSIR (December 08) 3. Enhance and sustain the ability of regional emergency response

OBJECTIVE (1)

2008 BSIR (December 08) 3.1 Integrate the National Incident Management System (NIMS) (NP2) (NP4) (NP5) (NP7)

NATIONAL PRIORITY (1)

2008 BSIR (December 08) Implement the NIMS and NRP

OBJECTIVE (2)

2008 BSIR (December 08) Not selected.

NATIONAL PRIORITY (2)

2008 BSIR (December 08) Not selected.

The screenshot displays a software interface with a grid of numerical data. A callout box with the text "Green 'OK'" points to a specific cell in the grid. The grid consists of multiple rows and columns of numerical values, with some cells containing "OK" status indicators. A red oval highlights a column of "OK" status indicators on the right side of the grid. A red arrow points from the callout box to the first "OK" in this column. Another red arrow points from the callout box to the bottom row of the grid. The bottom row contains a series of "OK" status indicators. The interface also shows a taskbar at the bottom with a clock and a "100%" zoom level.

 Steps for Submitting Project to SAA/DTG:

- To view self-check summaries, select one of the options from 'Self-Check View'

1. Project Self-Check : When self-check is displayed as ERROR for a specific project one or more of the following areas is in error:

- Strategies Completion
- Allocations Completion (Solution Area Funding: Sub-Categories & Discipline) tie out
- Project Funding & Solution Area Funding tie out
- Metrics Completion

2. Subgrantee Self-Check : Grantee/Subgrantee is displayed as ERROR when one of the following is in error:

- One or more of the projects in ERROR
- All projects are OK, the funding and necessary requirements per project have been met, however, the TOTAL FUNDING does not tie out between grant funding, project funding, and/or solution area funding

3. Submitting Projects

- Pass all self-checks
- Project status is 'Data Entry in Progress' or 'Subgrantee Change Request'

Self-Check View:

Grantee/Subgrantee Self-Check:

Project Title	Funding Type	Funding	Project Status	Project Self-Check
<u>A - Establish/enhance sustainable homeland security exercise program</u>	Retained at State/DTG Level	\$5,500,0	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>B - Establish/enhance sustainable homeland security training program</u>	Retained at State/DTG Level	\$2,000,0	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>C - Intelligence Analysis</u>	Retained at State/DTG Level	\$4,000,8	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>D - Port Security</u>	Retained at State/DTG Level	\$50,0	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>F - Management and Administration</u>	Retained at State/DTG Level	\$8,606,7	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>G - Buffer Zone Protection Program (BZPP)</u>	Retained at State/DTG Level At Request of Local(s)	\$229,0	Submitted to SAA/DTG	<input type="button" value="K"/>
<u>H - Transit Security Grant Program (TSGP)</u>	Retained at State/DTG Level At Request of Local(s)	\$593,7	Submitted to SAA/DTG	<input type="button" value="K"/>

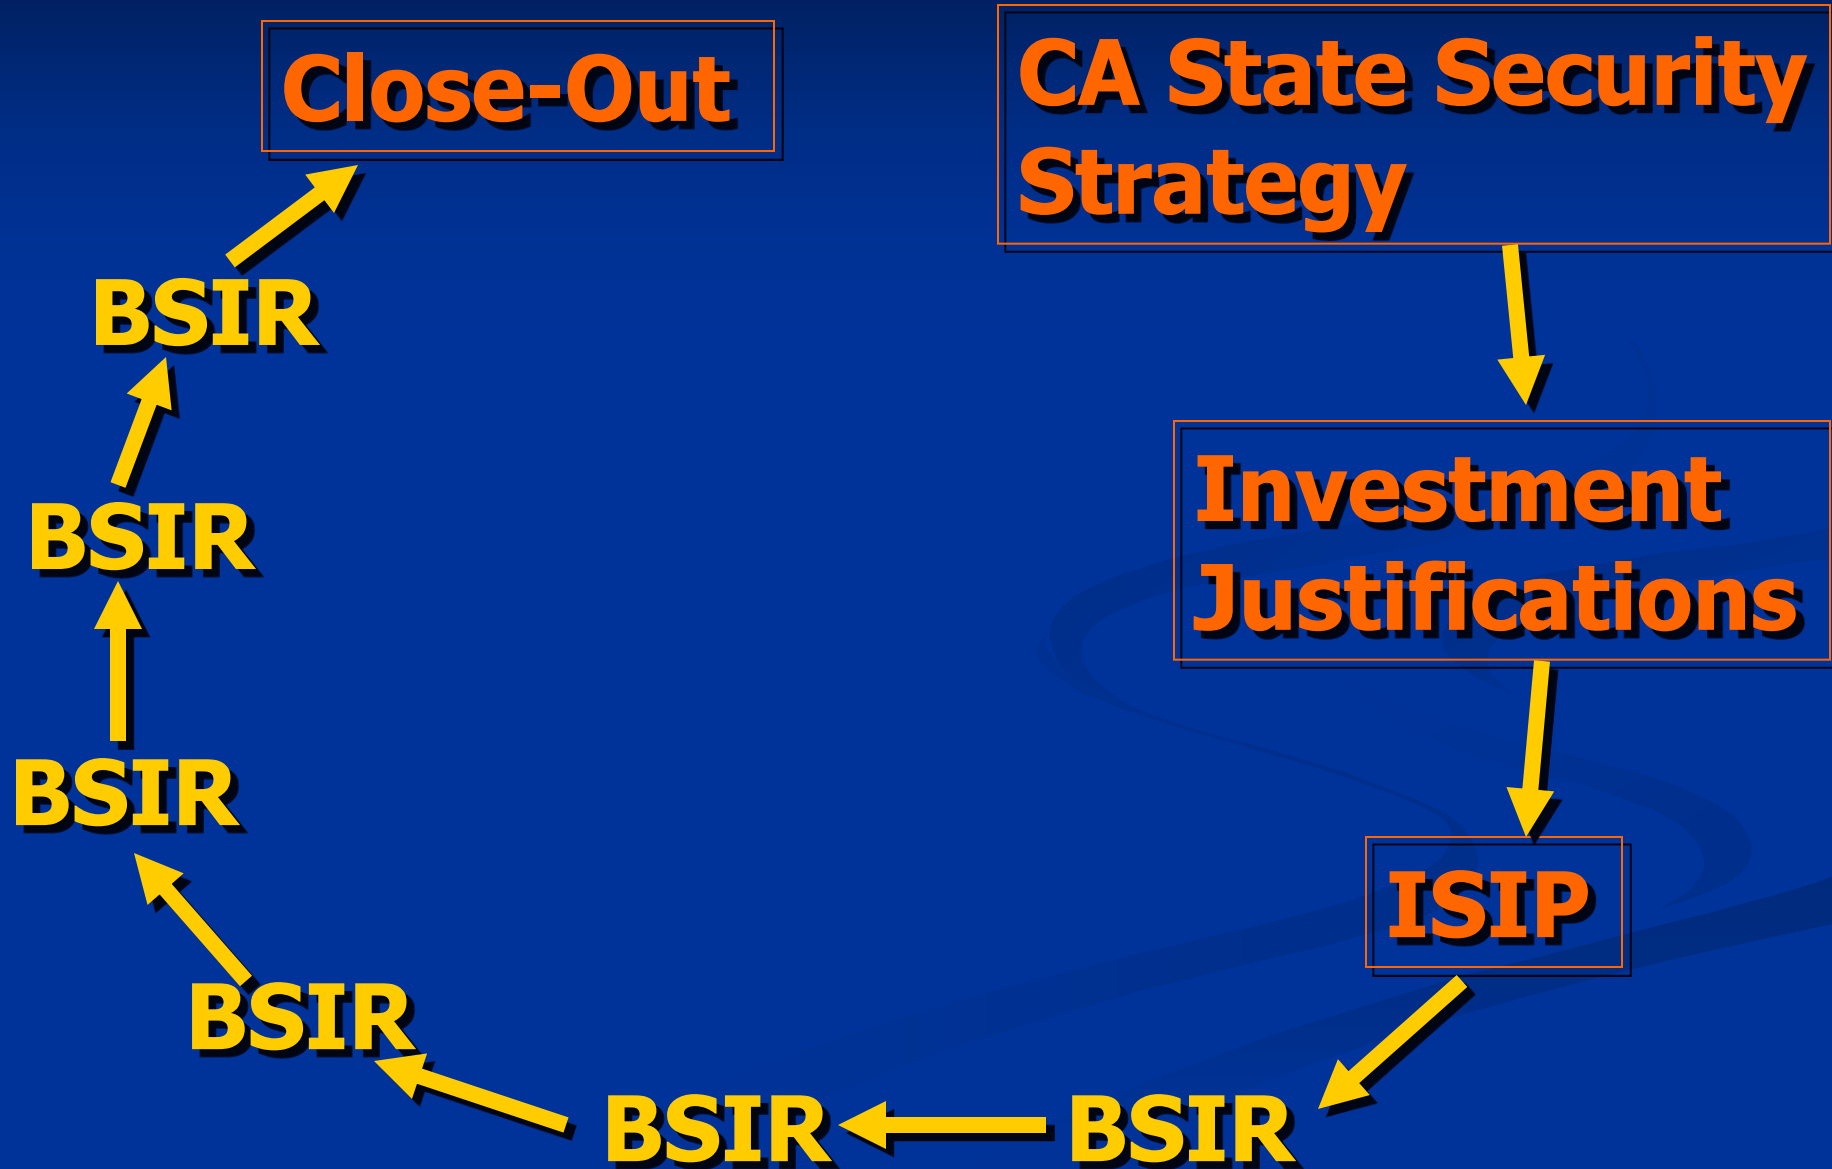

**Project Status:
Submitted to SAA/DTG**

WORKFLOW PROCESS

Approval Workflow Process

- **Projects Submitted (Subgrantee)**
- **Projects Submitted to State (Subgrantee)**
- **Accept/Change Request (SAA)**
- **Approved by State (SAA)**
- **Submitted to FEMA (SAA)**
- **Accept/Change Request (FEMA)**
- **Approved by FEMA (FEMA)**

Federal Grant Reporting Cycle

GRT Close-Out

- **Final stage in grant reporting cycle**
- **State (SAA) data “Approved by FEMA”**
- **DHS System Administrator ports data into Close-out reporting period**
- **State certifies data accuracy & submits 120 days after end date of award**

How To Do BSIR (6 steps)

Step 1: Go to GRT website

Step 2: Unlock/Create Account

Step 3: Check Users Module

Step 4: Complete Funding Module

Step 5: 4 Self-Checks

Step 6: BSIR submittal (2 steps)

Welcome to the Federal Emergency Management Agency's Grants Reporting Tool

The Federal Emergency Management Agency (FEMA), in a continued effort to improve grant distribution and reporting processes, developed this web-based grants reporting system entitled, the Grants Reporting Tool (GRT). The GRT is designed to help State Administrative Agencies (SAAs) meet all reporting requirements identified in the Homeland Security Grant Program (HSGP) and Urban Areas Security Initiative (UASI) grant application kits.

GRT News

• 08/27/2008: GRT Technical Assistance Available Now!

FEMA-sponsored GRT Technical Assistance (TA) will again be available to all States and Territories for the current ISIP and forthcoming BSIR reporting periods. A single on-site TA session of one to two days may be requested for each ISIP and BSIR reporting period. In addition to on-site TA deliveries, FEMA is pleased to offer a convenient web conference TA alternative. Requests for on-site or web conference technical assistance must be made through your FEMA Program Analyst. Please submit your requests as soon as possible in order to allow adequate scheduling time.

Documentation

For your reference, the following supporting documentation is provided to assist you in navigating the current version of the GRT:

Guidance Documents:

Outcome Metrics

Planning -- Has this project increased your planning and coordination or governance capabilities?

Regionalization and Collaboration -- Has this project increased operational capabilities and collaboration with other agencies/jurisdictions in the region?

Information Sharing -- Has this project increased your ability to share and receive information (voice or data) with other agencies?

Capacity -- Has this project increased your capability to carry out interoperable communications by expanding capacity (e.g., purchased more equipment, increased signal coverage)?

Functionality -- Has this project helped to establish a new functional capability (e.g., new technological features, new technological solutions)?

Sustainment -- Has this project increased the life expectancy of your systems or equipment?

Resiliency -- Has this project improved your ability to recover from an interruption in emergency communications?

Personnel Proficiency -- Has this project increased the skills, expertise, or knowledge of your emergency communications personnel?

Which outcome was the primary focus of this project?
